ACTIVITIES

ADERLY, the Agency for the Economic Development of the Lyon Region, was one of the first economic development agencies created in France in 1974. It accompanies and advises companies in setting up or developing their business in Lyon and its surroundings. ADERLY offers a wide range of services adapted to the size of the project:

- > market information, definition of project needs;
- > visits of Lyon: search for and meeting of potential customers, partners, clusters, and investors;
- > contact with experts to facilitate your procedures;
- > search for sites and premises adapted to the project;
- > help in recruiting employees;
- > follow-up after setting up: communication, local networks, events, etc.

The agency focuses on the key sectors of the Lyon region that contribute to its attractiveness:

1. Industry/cleantech/energy.
2. Digital.
3. Life sciences.
