ACTIVITIES

The Banque des Territoires offers bespoke advice and financing solutions for loans and investments to meet the needs of local communities, social housing organisations, local public enterprises and the legal profession. It is geared towards all territories, from rural areas to metropolises, with the aim of combating social inequalities and territorial divisions.

The Banque des Territoires acts as a long-term investor in corporate real estate alongside other private investors to:

- > contribute to the economic development of the territories and to strengthen their competitiveness;
- > meet the needs of companies that create sustainable jobs, whether they are services and manufacturing SMEs or industrial groups.

THE BANQUE DES TERRITOIRES IN LYON VALLÉE DE LA CHIMIE

The Banque des Territoires, in partnership with SERL (Société d'équipement du Rhône et de Lyon), is investing in the AXEL'ONE "innovative materials" building (4,400 m² for an investment of €11 million).

The Banque des Territoires also acts as manager of the deposit accounts that have been opened as part of the Vallée de la Chimie's Technological Risk Prevention Plan (PPRT). It also co-finances the SECURENO'V scheme set up by Lyon Metropole to support private homeowners in their efforts to secure their homes according to the PPRT.
