ACTIVITIES

NOVACAP is a major player in pharmaceutical synthesis and specialty products. Novacap manufactures and markets products that are essential to today's and tomorrow's daily life. With its leading positions in the growing and resilient pharmaceutical, health, cosmetics and fragrances, food and animal nutrition, and personal care markets, Novacap offers one of the widest ranges of products and services. Novacap is an internationally operating group with 27 industrial sites and R&D centers in Europe, Asia and America. As a major player in the chemical industry, Novacap is committed to sustainable and responsible development and continuous improvement through its CSR (Corporate Social Responsibility) program.

Novacap's ambition is to become a leader in chemicals and life sciences focusing on continuous growth in the pharmaceutical and cosmetics industry markets. Novacyl is part of the Pharmaceutical & Cosmetics division of the Novacap group. As the only integrated player with an international industrial presence, Novacyl is the global leader in Salicylic Acid and Acetylsalicylic Acid. Novacyl is also Europe's second largest paracetamol manufacturer.

Novacyl offers a wide range of products for the pharmaceutical, health and cosmetics markets, such as methyl salicylate, particularly used in oral hygiene, and octyl salicylate, mainly used in sunscreens.
