ACTIVITIES

As an international group in the chemical industry, SOLVAY provides the industry with research and implementation of increasingly sustainable and value-creating solutions. The group is resolutely committed to sustainable development and focuses on innovation and operational excellence. Serving a variety of markets, SOLVAY generates 90% of its turnover in activities where it is among the top three worldwide.

SOLVAY IN LYON VALLÉE DE LA CHIMIE

- > **SOLVAY Saint-Fons Spécialités:** industrial site with 300 employees and a food lab. Production of vanilla flavors for the food industry, intermediates for crop protection, pharmaceuticals and electronics. Polymerization inhibitors used in petrochemicals.
- > **SOLVAY Saint-Fons Belle-Étoile:** industrial site with 580 employees and a polymer application center. Production of polyamide intermediates and engineering plastics for the automotive, electrical and electronics, and industrial and consumer goods markets.
- > **SOLVAY Lyon Research and Innovation Center (RICL):** a research center, 370 researchers, focusing on materials, processes and organic chemistry, and a mixed SOLVAY/CNRS unit dedicated to advanced materials.

SOLVAY is the joint owner of the TOTAL steam cracker in Feyzin.
